Commissioner for Patents

Applicant has petitioned for the consideration of 3 US references after the Application has been allowed. Consideration of these references was not possible because Applicant failed to file a proper IDS form, that is, 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609 A(1) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

The petition needs to be addressed  
look in the MPEP to  
determine who addresses  
the petition
